## EXPERIENCE

### Web Development

Yhills, Internship | Jul 2023 - Aug 2023

During a one-month intensive internship in web development, I gained hands-on experience applying HTML, CSS, and JavaScript to create and optimize websites. Working on real-world projects honed my problem-solving skills while adhering to modern web development practices.

### UIUX Designing

Bluestock, Internship | Dec 2023 - Feb 2023

During a two-month UI/UX design internship at Bluestock Fintech, I collaborated with a team on real-time projects, enhancing my skills in designing for their platform. Through hands-on experience, I gained valuable insights into user-centered design principles and contributed to the development of impactful projects for the company's digital presence.

## PROJECTS

### 1.Project Title: E-Commerce Responsive Website

Designed and developed a responsive e-commerce website to facilitate the online purchase of a wide range of products. The project encompassed various phases, including planning, design, development, and deployment, resulting in a user-friendly and visually appealing website.

### 2.Project Title: Responsive Landing Page

Designed and developed a responsive e-commerce website to facilitate the online purchase of a wide range of products. The project encompassed various phases, including planning, design, development, and deployment, resulting in a user-friendly and visually appealing website.
